

PARTNERSHIP SOLUTIONS ELEMENTARY

EnCompass *After-School*, *Summer Learning*, and *Daytime Intervention* programs promote academic achievement and social-emotional development for elementary students, and help school and organization partners address their strategic priorities.

“

My daughter is now able to do homework on her own. She reads on her own. The improvement is amazing. I look forward to signing up for each year.

99% of families feel program helps their child in school

PROGRAMS

After-School Learning

Our academically-based after-school programs use learning as a platform for social-emotional development and personal growth. STEM-based inquiry, hands-on learning, enrichment clubs, and language/literacy support combine for a holistic, safe, supportive setting. 95-120 additional learning hours per student.

Summer Learning

We provide summer learning programs for more than 350 students at sites throughout Rochester. Comprehensive, full-day programming infused with inquiry, language/literacy support, and STEM create positive experiences, community connections, and prevent achievement gaps caused by summer learning loss. 4-6 week programs for 10-160 students.

Daytime Intervention

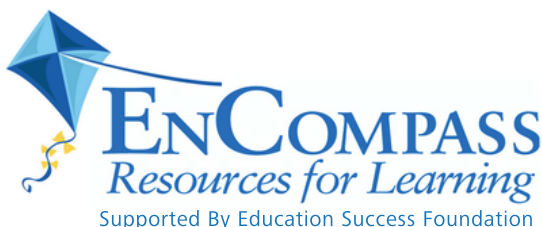

Speech-Language Pathologists provide integrated support within classrooms and pull-out services for identified students to address language challenges.

Academic Coaches partner with classroom teachers to provide small group reading intervention services.

HOW WE HELP

We partner with students, families, and schools to provide all children with an opportunity to succeed in school and in life.

EnCompass aligns programming and strategic support to each partner's priority areas, delivers high-quality services, and measures results.

RESULTS

71%

Students improved in reading

92%

Students developed social-emotionally

84%

RCSD students avoided summer learning loss

CORE ELEMENTS

Certified teachers provide holistic, child-centered programming:

- Individualized, data-driven learning plans
- Inquiry and project-based learning
- Social-emotional development
- Nutrition, health & enrichment
- Targeted tutoring
- Intensive literacy & language support
- Family engagement

PARTNERS & SITES

We work alongside 40+ partners to design and implement highly collaborative models of support and resources for more than 2,300 students. Key partners include:

- Rochester City School District
- Discovery Charter School
- Exploration Elementary Charter School
- ESN Neighborhood Arts
- Canandaigua, Dansville, Wayland-Cohocton School Districts

EVALUATION

We are committed to informed practices, data-driven programming, and continuous improvement. Tools we use to evaluate student progress and program effectiveness include:

- STAR Reading
- Associate Child Rating Scale (A-CRS)
- Individualized Learning Goals
- Attendance and Participation
- Satisfaction and Relevance Survey
